<i>List of Figures and Tables</i>	x
<i>Preface</i>	xi
<i>Acknowledgements</i>	xv
1. Introduction	1
1. The Interpretive Sensory-Access (ISA) Theory	1
2. Predictions of the ISA Theory	3
3. Transparent-Access Accounts	7
4. A Guide Through the Volume	8
2. The Mental Transparency Assumption	11
1. Prospect	11
2. Transparency Assumptions in Philosophy	17
3. Are Transparency Assumptions a Human Universal?	25
4. Explaining our Intuitions of Transparency	32
5. Leveling the Playing Field	39
6. Conclusion	45
3. The ISA Theory: Foundations and Elaborations	47
1. A Global Broadcast Architecture	47
2. Working Memory	56
3. The Social Intelligence Hypothesis	64
4. The ISA Model Revisited	68
5. Sensory Self-Knowledge	72
6. Conclusion	78
4. Transparent Sensory Access to Attitudes?	79
1. Self-Knowledge by Looking Outward	79
2. Self-Knowledge by Expression	84
3. Constitutive Authority and Dual Systems	96
4. Revisionary Attitudes	108
5. Conclusion	118
5. Transparent Sensory Access to Affect	119
1. Desire and Emotion	119
2. Awareness of Affect	126
3. Awareness of Affective Attitude Strength?	135
4. Awareness of Affective Attitude Content?	147
5. Conclusion	154

6. Intermediate-Strength Transparent-Access Theories	156
1. The Tagging Hypothesis	156
2. Attitudinal Working Memory	166
3. Awareness of Action	178
4. The Active Mind	187
5. Conclusion	190
7. Inner Sense Theories	192
1. Inner Sense and Mindreading: Three Theories	192
2. Developmental Evidence	203
3. Emotional Mirroring	209
4. Unsymbolized Thinking	214
5. Conclusion	222
8. Mindreading in Mind	223
1. The Theoretical Options	223
2. Why Mindreading Matters	230
3. Evidence of Early Mindreading	240
4. Explaining the Gap	248
5. Mindreading in Animals	254
6. Conclusion	259
9. Metacognition and Control	261
1. Inner Sense versus ISA	261
2. Human Metacognition	263
3. Human Meta-Reasoning	272
4. Animal Metacognition	278
5. Epistemic Emotions in Humans and Animals	288
6. Conclusion	292
10. Dissociation Data	293
1. Schizophrenia	293
2. Autism	301
3. Alexithymia	309
4. Images of the Brain	311
5. Conclusion	324
11. Self-Interpretation and Confabulation	325
1. The Limits of Introspection	326
2. When Will the Two Methods Operate?	333
3. Confabulated Decisions, Intentions, and Judgments	339
4. Self-Perception Data	345
5. Dissonance Data	356
6. Concluding Comments	365

12. Conclusion and Implications	368
1. Summary: The Case Against Transparent Access to Attitudes	368
2. Eliminating Most Kinds of Conscious Attitude	373
3. Eliminating Conscious Agency	379
4. Rethinking Responsibility	381
5. Conclusion	383
