

CONTENTS

1. *The Problem of Distributive Justice*

1. Justice and Distributive Justice	5
2. The Task of a Theory of Distributive Justice	7
3. The Principle of Utility	8
④ The Problem of the Viability of the Utility Concept	9
5. The Influence of Utilitarianism	11
6. Distributive Justice and the Welfare Economists	12
7. Methodological Preliminaries	18

2. *Analysis of the Utilitarian Formula*

1. The Principle of Utility Is a Two-Factor Criterion	25
2. A "Utility Floor" Is Needed	28
3. An Equity Principle Is Needed	31
4. The Concept of an Effective Average	35
5. The Need for a Solution to the "Meshing Problem"	38
6. The Question of Claims	41

3. *Legitimate Claims*

1. The Problem of Claims and Desert	47
2. The Classical Utilitarians on Claims	48
3. Claim-Equalization	52
4. The Role of Deservingness	53
5. Shares Must Be Based upon Claims	55
6. Our Strictures Applicable Not Only to "Act-Utilitarianism" but Also to "Rule-Utilitarianism"	60
7. The Grounds of Claims	61
8. Earned Versus Unearned Claims	65
9. The Combination of Claims	68

4. *The Canons of Distributive Justice and the Foundations of Claims*

1. The Canons of Distributive Justice	73
2. The Canon of Equality	74
3. The Canon of Need	75
4. The Canon of Ability and/or Achievement	76
5. The Canon of Effort	77
6. The Canon of Productivity	78
7. The Canon of Social Utility	79
8. The Canon of Supply and Demand	80
9. Our Own Position: The Canon of Claims	81

5. *Complications Affecting the Justice of Distributions*

1. Facets of a Distribution	87
2. The Role of Production	89

3. Justice in the Narrower and the Wider Senses	90
4. Indivisible Goods and "Equality of Opportunity"	93
5. Special Problems of an Economy of Scarcity	95
6. Special Problems of an Economy of Abundance	98
7. Justice and Inequality	101
8. The Complexity of the Evaluation of Distributions	104
9. Justice and Scarcity: Another Look at the Approach of Welfare Economics	106
10. A Further Look at Distributive Justice in an Economy of Abundance: Windfalls	108

6. *The Proper Sphere of the Principle of Utility*

1. Reconsideration of the Principle	115
2. The Criticisms of the Principle Rehearsed	115
③ The Applicability of the Principle of Utility Reappraised	117
④ Justice as Limit upon Utility	120
5. Conclusion	121

Bibliography

A. General Historical Surveys	125
B. Precursors of Utilitarianism	127
C. Classical Utilitarian Theorists and Interpreters	128
1) William Paley (1743-1805)	128
2) Jeremy Bentham (1748-1832)	128
3) James Mill (1773-1836)	129
4) John Austin (1790-1859)	129
5) John Stuart Mill (1806-1873)	129
6) Henry Sidgwick (1838-1900)	131

D. Major Critics of Utilitarianism	131
1) Nineteenth-Century Intuitionists and Idealists	131
2) Twentieth-Century Pragmatists and Analysts	133
E. Later Commentaries and Expositions	133
1) To 1900	133
2) After 1900	134
F. Specialized Topics	137
1) Utilitarian Theory of Justice	137
2) Utilitarian Theory of Punishment	137
3) Act- Versus Rule-Utilitarianism	139
4) "Desired Versus Desirable" ("Mill's Fallacy")	140
G. Utilitarianism in Economic, Psychological, Sociological, and Political Theory	141
1) Economic Utility Theory	141
2) Utilitarianism and Economic Policy: Welfare Economics	143
3) Game Theory	147
4) Decision Theory	148
a) Formal Models (Statistics and Operations Research)	148
b) Empirical Studies	149
5) Value Theory	150
a) Formal Models	150
b) Empirical Studies	151
6) Political and Sociological Theory	152
H. The Problem of Distributive Justice	153
