List of Figures and Table	<i>xi</i>
Preface	<i>xiii</i>

Part I. The Causal Approach to Explanation

1	Approaches to Explanation	3
1.1	<i>Causal Explanation and Explanatory Relevance</i>	3
1.2	<i>Preliminaries</i>	6
1.3	<i>Accounts of the Explanatory Relation</i>	11
1.4	<i>The Causal Element in Explanation</i>	23
1.5	<i>The Pursuit of Explanation</i>	37
2	Causal and Explanatory Relevance	41
2.1	<i>The Minimal Causal Account of Event Explanation</i>	41
2.2	<i>The Problem of Relevance</i>	45
2.3	<i>The Probabilistic Solution</i>	52
2.4	<i>The Counterfactual Solution</i>	56
2.5	<i>The Manipulationist Solution</i>	60

Part II. The Kairetic Account of Explanation

3	The Kairetic Account of Difference-Making	69
3.1	<i>Overview of the Kairetic Account</i>	69
3.2	<i>Causal Models</i>	71
3.3	<i>States of Affairs</i>	84
3.4	<i>The Eliminative Procedure</i>	86
3.5	<i>Abstraction and Optimizing</i>	96
3.6	<i>Cohesion</i>	101

3.7	<i>The Optimizing Procedure</i>	109	
3.8	<i>Rival Accounts of Difference-Making Reconsidered</i>	110	
4	The Kairetic Account of Explanation		117
4.1	<i>Standalone Explanation</i>	117	
4.2	<i>Difference-Making and Transitivity in Compound Explanations</i>	121	
4.3	<i>Comparing Standalone Explanations</i>	123	
4.4	<i>Laplacean Blindness</i>	138	
5	Extending the Kairetic Account		142
5.1	<i>Quantifying Explanatory Relevance</i>	142	
5.2	<i>Trading Off Accuracy for Generality</i>	145	
5.3	<i>The Explanatory Framework</i>	148	
5.4	<i>Black Boxes, Functional Properties, and Multiple Realizability</i>	154	
5.5	<i>Aggregative Explanation</i>	169	
5.6	<i>Contrastive Explanation</i>	174	
5.7	<i>Beyond Causal Explanation</i>	177	
6	Event Explanation and Causal Claims		181
6.1	<i>Background Conditions versus Causes</i>	182	
6.2	<i>Preemption</i>	186	
6.3	<i>Nonevents as Difference-Makers</i>	200	
6.4	<i>Nonevents as Explananda</i>	205	
6.5	<i>Transitivity</i>	208	
6.6	<i>Three Kinds of Causation</i>	215	

Part III. Explanation of Laws and Regularities

7	Regularity Explanation		219
7.1	<i>Approaches to Regularity Explanation</i>	219	
7.2	<i>Explaining Laws with Mechanisms</i>	222	
7.3	<i>Basing Generalizations</i>	228	

7.4	<i>Property Laws</i>	265	
7.5	<i>Other Laws</i>	279	
7.6	<i>The Metaphysics of High and Low</i>	288	
8	Abstraction in Regularity Explanation		297
8.1	<i>Problems of Abstraction in Regularity Explanation</i>	297	
8.2	<i>Explaining Boyle's Law</i>	304	
8.3	<i>A Theory of Idealization</i>	315	
8.4	<i>Mathematically Driven Explanation</i>	329	
Part IV. Probabilistic Explanation			
9	Approaches to Probabilistic Explanation		335
9.1	<i>Explanatory Questions</i>	335	
9.2	<i>Varieties of Probabilistic Explanation: Examples</i>	337	
9.3	<i>Varieties of Probabilistic Explanation: Commentary</i>	341	
9.4	<i>Accounts of Probabilistic Explanation</i>	344	
9.5	<i>Elitism versus Egalitarianism</i>	347	
9.6	<i>Probability and Determinism</i>	355	
9.7	<i>Formal Elements of the Kairetic Approach</i>	358	
10	Kairetic Explanation of Frequencies		367
10.1	<i>Probabilistic Explanation in Deterministic Systems</i>	367	
10.2	<i>Explanation with Complex Probability</i>	368	
10.3	<i>Explanation with Quasiprobability</i>	401	
10.4	<i>Elitism versus Egalitarianism the Kairetic Way</i>	412	
10.5	<i>Regularity Explanation and Probabilistic Metaphysics</i>	418	
11	Kairetic Explanation of Single Outcomes		424
11.1	<i>Single-Outcome Explanation</i>	424	
11.2	<i>Robustness</i>	433	
11.3	<i>Nonexplanatory Probability-Raisers</i>	437	
11.4	<i>Nonexplanatory Critical Events</i>	447	
11.5	<i>Elitism and Egalitarianism Revisited</i>	452	

Part V. Valediction

12	Looking Outward	459
	12.1 <i>Biology: Probabilistic Explanation</i>	459
	12.2 <i>Psychology: Content and Explanation</i>	464
	12.3 <i>Economics: Abstraction</i>	468
	12.4 <i>Explanatory Autonomy</i>	470
13	Looking Inward	473
	Notes	477
	References	495
	Index	505
