|  |     |
|--|-----|
| Introduction   | 1   |
| 1. Knowledge   | 8   |
| 1.1 The infinite regress   | 9   |
| 1.2 Two kinds of knowledge?  | 14  |
| 1.3 Does reflective scrutiny improve our reliability?                                    | 20  |
| 1.4 Are there other benefits that reflection provides?                                   | 26  |
| 1.5 Reflection and the first-person point of view  | 34  |
| 1.6 Conclusion   | 40  |
| 2. Reasoning   | 42  |
| 2.1 The infinite regress   | 43  |
| 2.2 Shoemaker's higher-order requirement   | 45  |
| 2.3 Another route to a higher-order requirement  | 50  |
| 2.4 Is it possible to have first-order beliefs without also having higher-order beliefs? | 55  |
| 2.5 Are philosophers and psychologists talking past one another?                         | 61  |
| 2.6 Is there a social dimension to the propositional attitudes?                          | 66  |
| 2.7 Conclusion   | 70  |
| 3. Freedom   | 73  |
| 3.1 The infinite regress   | 74  |
| 3.2 Higher-order states and alien desires  | 78  |
| 3.3 Epistemic agency   | 84  |
| 3.4 Mechanism and epistemic agency   | 88  |
| 3.5 Epistemic agency and the first-person perspective                                    | 90  |
| 3.6 Epistemic agency and deliberation  | 97  |
| 3.7 Epistemic agency and epistemic responsibility  | 100 |
| 3.8 Conclusion   | 107 |

|   |     |
|---|-----|
| 4. Normativity                                    | 108 |
| 4.1 The infinite regress                          | 109 |
| 4.2 The perfectibility of human reason            | 113 |
| 4.3 Normativity, prescriptivity, and the a priori | 119 |
| 4.4 Normativity and self-conception               | 129 |
| 4.5 Conclusion                                    | 133 |
| 5. Reflection Demystified                         | 135 |
| 5.1 System 1 and System 2                         | 137 |
| 5.2 System 2 and reflection                       | 141 |
| 5.3 Interactions between System 1 and System 2    | 143 |
| 5.4 Control and automaticity                      | 147 |
| 5.5 Reflection without a free-floating agent      | 153 |
| 5.6 Conclusion                                    | 162 |
| <i>Bibliography</i>                               | 165 |
| <i>Index</i>                                      | 175 |
