1. THE PSYCHOANALYTIC VIEW OF CHILDHOOD: LONG-DISTANCE AND CLOSE-UP	3
<i>Reconstructions from the Analyses of Adults and Their Applications</i>	3
<i>The Advent of Child Analysis and Its Consequences</i>	9
<i>Direct Child Observation in the Service of Psycho- analytic Child Psychology</i>	10
THE ANALYST'S EXCLUSIVE CONCENTRATION ON THE HIDDEN DEPTH	11
THE DERIVATIVES OF THE UNCONSCIOUS AS MATERIAL FOR OBSERVATION	14
THE DEFENSE MECHANISMS AS MATERIAL FOR OBSERVA- TION	15
ITEMS OF CHILDHOOD BEHAVIOR AS MATERIAL FOR OBSERVATION	18
THE EGO UNDER OBSERVATION	22
2. THE RELATIONS BETWEEN CHILD ANALYSIS AND ADULT ANALYSIS	25
<i>The Therapeutic Principles</i>	25
<i>The Curative Tendencies</i>	26

	<i>Technique</i>	28
	THE ABSENCE OF FREE ASSOCIATION	29
	INTERPRETATION AND VERBALIZATION	31
	RESISTANCES	33
	TRANSFERENCE	36
	The Child Analyst as a New Object	38
	The Child Analyst as the Object of Libidinal and Aggressive Transference	39
	The Child Analyst as Object for Externalization	41
	<i>Infantile Dependency as a Factor in Adult and Child Analysis</i>	43
	DEPENDENCY AS A FACTOR IN ADULT ANALYSIS	45
	DEPENDENCY AS A FACTOR IN CHILD ANALYSIS	45
	RECENT STUDIES OF DEPENDENCY	49
	<i>The Balance between Internal and External Forces as Seen by Child and Adult Analyst</i>	49
	 3. THE ASSESSMENT OF NORMALITY IN CHILDHOOD	 54
	I	
	<i>Early Spotting of Pathogenic Agents; Prevention and Prediction</i>	54
	<i>The Translation of External Events into Internal Ex- perience</i>	56
	<i>Four Areas of Difference between Child and Adult</i>	58
	II	
	<i>The Concept of Developmental Lines</i>	62
	PROTOTYPE OF A DEVELOPMENTAL LINE: FROM DEPEND- ENCY TO EMOTIONAL SELF-RELIANCE AND ADULT OBJECT RELATIONSHIPS	64
	SOME DEVELOPMENTAL LINES TOWARD BODY INDE- PENDENCE	69
	From Suckling to Rational Eating	69
	From Wetting and Soiling to Bladder and Bowel Control	72
	From Irresponsibility to Responsibility in Body Management	75
	FURTHER EXAMPLES OF DEVELOPMENTAL LINES	77
	From Egocentricity to Companionship	78
	From the Body to the Toy and from Play to Work	79

CONTENTS

vii

CORRESPONDENCE BETWEEN DEVELOPMENTAL LINES	84
APPLICATIONS: ENTRY INTO NURSERY SCHOOL AS AN ILLUSTRATION	88
Required Status on the Line "From Dependency to Emotional Self-Reliance"	89
Required Status on the Line toward Bodily Independence	90
Required Status on the Line toward Companionship	90
Required Status on the Line from Play to Work	91

III

<i>Regression as a Principle in Normal Development</i>	93
THREE TYPES OF REGRESSION	94
REGRESSION IN DRIVE AND LIBIDO DEVELOPMENT	95
REGRESSIONS IN EGO DEVELOPMENT	98
Temporary Ego Regressions in Normal Development	98
Deterioration of Secondary Process Functioning in the Waking Life of Children	100
Other Ego Regressions under Stress	102
Ego Regressions as the Result of Defense Activity	104
DRIVE AND EGO REGRESSIONS, TEMPORARY AND PERMANENT	105
REGRESSION AND THE DEVELOPMENTAL LINES	106

4. ASSESSMENT OF PATHOLOGY. PART I.
SOME GENERAL CONSIDERATIONS 108

<i>Descriptive versus Metapsychological Assessments</i>	110
<i>Static versus Developmental Terminology</i>	114
LYING	114
STEALING	116
<i>Criteria for Assessing Severity of Illness</i>	118
<i>Assessment by Development and Its Implications</i>	123
UNEVEN DRIVE AND EGO PROGRESSION	124
DISHARMONY BETWEEN DEVELOPMENTAL LINES	126
PERMANENT REGRESSIONS AND THEIR CONSEQUENCES	127
<i>Assessment by Type of Anxiety and Conflict</i>	131
<i>Assessment by General Characteristics</i>	134
FRUSTRATION TOLERANCE AND SUBLIMATION POTENTIAL	134

MASTERY OF ANXIETY	135
REGRESSIVE VERSUS PROGRESSIVE TENDENCIES	137
<i>A Metapsychological Profile of the Child</i>	138
DRAFT OF DIAGNOSTIC PROFILE	140
5. ASSESSMENT OF PATHOLOGY. PART II.	
SOME INFANTILE PRESTAGES OF ADULT PSYCHOPATHOLOGY	148
<i>The Infantile Neuroses</i>	149
<i>The Developmental Disturbances</i>	154
EXTERNAL STRESSES	155
INTERNAL STRESSES	157
Disturbances of Sleep	157
Disorders of Food Intake	159
The Archaic Fears	161
The Behavior Disorders of the Toddler	161
A Transitory Obsessional Phase	162
Disturbances of the Phallic Phase, Preadolescence and Adolescence	163
<i>Dissociality, Delinquency, Criminality as Diagnostic Categories in Childhood</i>	164
THE AGE FACTOR IN SOCIAL DEVELOPMENT, LEGAL AND PSYCHOLOGICAL	164
THE NEWBORN AS A LAW UNTO HIMSELF	167
THE CARETAKING MOTHER AS THE FIRST EXTERNAL LEGISLATOR	168
EXTERNAL CONTROL EXTENDED TO THE DRIVES	169
INTERNALIZATION OF EXTERNAL DRIVE CONTROL	170
The Principles of Mental Functioning and Their Bearing on Socialization	170
The Development of Ego Functions as a Precon- dition of Socialization	172
Ego Mechanisms Furthering Socialization	173
Id Attributes as Obstacles to Socialization	175
FAILURES OF SOCIALIZATION	178
MOVING FROM FAMILY TO COMMUNITY STANDARDS	181
<i>Homosexuality as a Diagnostic Category in Childhood Disorders</i>	184
OBJECT CHOICE: THE AGE FACTOR	185
PROGNOSIS VERSUS RECONSTRUCTION	190

HOMOSEXUALITY, FAVORED OR PREVENTED BY NORMAL DEVELOPMENTAL POSITIONS	194
<i>Other Perversions and Addictions as Diagnostic Categories in Childhood</i>	197
ADDICTION	201
TRANSVESTITISM	202
FETISHISM	207
PREDICTION OF OUTCOME	212
6. THE THERAPEUTIC POSSIBILITIES	213
<i>The Classical Psychoanalytic Therapy for Adults: Its Range and Definition</i>	214
<i>Psychoanalytic Therapy for Children: Its Rationale</i>	217
INTRAPSYCHIC CONFLICT IN CHILD ANALYSIS	217
"Normal" Childhood Conflicts and Analysis	217
The Developmental Disturbances and Analysis	218
The Infantile Neuroses with Child Analysis as the Treatment of Choice	219
A Subspecies of the Infantile Neuroses in Analysis	224
Summary	226
THERAPY OF THE NONNEUROTIC DISTURBANCES	227
The Therapeutic Elements in Psychoanalysis	227
Selection of Therapeutic Elements According to Diagnostic Category	229
<i>Conclusions</i>	232
<i>Bibliography</i>	237
<i>Index</i>	247
