Nomic Truth Approximation Revisited

 Springer

Contents

| | | |
|--|--|----|
| 1 | Background and Overview | 1 |
| 1.1 | Background: Extensions, Related Kinds of Reasoning, and a Far-Reaching Generalization..... | 1 |
| 1.2 | The Main Conclusions of <i>From Instrumentalism</i> <i>to Constructive Realism</i> | 3 |
| 1.3 | Overview of the Chapters | 7 |
| 1.4 | Origin of the Chapters | 14 |
| 1.5 | Comparison with Other Approaches Needed | 16 |
| | References..... | 18 |
| Part I Closer to the Nomic Truth, Basic Version | | |
| 2 | Nomic Truth Approximation by Empirical Progress Revisited | 21 |
| 2.1 | Introduction..... | 22 |
| 2.2 | The Basic Story..... | 24 |
| 2.3 | The Stratified Story..... | 34 |
| 2.4 | Conclusion | 38 |
| | References..... | 38 |
| 3 | Perspectives and Guidelines for Theories of (Nomic) Truth Approximation by Empirical Progress | 41 |
| 3.1 | Introduction..... | 41 |
| 3.2 | Perspectives for Concretization | 42 |
| 3.2.1 | The Two-Sided Approach | 42 |
| 3.2.2 | Quantification | 43 |
| 3.2.3 | Refinement..... | 44 |
| 3.2.4 | Stratification..... | 45 |
| 3.2.5 | Revising the Vocabulary | 46 |
| 3.3 | Guidelines for Theories of (Nomic) Truth Approximation by Empirical Progress | 46 |
| 3.4 | Common Core of Theories of Nomic Truth Approximation by Empirical Progress | 47 |

| | | |
|------------------------------------|---|-----------|
| 3.4.1 | Ad I: General Logico-Semantic Step: Intentional Description of the Target | 48 |
| 3.4.2 | Ad. III: General Epistemological Step: Identify the Kind of Evidence | 49 |
| 3.4.3 | Hypothetico-Deductive Background of Nomic Evidence | 50 |
| | References..... | 51 |
| 4 | Models, Postulates, and Generalized Nomic Truth Approximation ... | 53 |
| 4.1 | Introduction..... | 54 |
| 4.2 | An Example of a Two-Sided Theory..... | 56 |
| 4.3 | II Specific Logico-Semantic Steps: Define 'Closer to the Truth' | 57 |
| 4.3.1 | Theories, Their Claims, and 'The Truth' | 58 |
| 4.3.2 | Truth- and Falsity-Content | 59 |
| 4.3.3 | Closer to the Truth (Greater Verisimilitude or Greater Truthlikeness) | 60 |
| 4.4 | IV Specific Epistemological Steps: Define 'More Successful' | 62 |
| 4.4.1 | Accepted- and Rejected-Content | 63 |
| 4.4.2 | At Least as Successful Relative to <R, S>..... | 64 |
| 4.5 | Remaining Steps: From Verisimilitude to Success, and Vice Versa..... | 65 |
| 4.6 | Some Perspectives for Further Research | 67 |
| 4.6.1 | Inconsistent Theories | 67 |
| 4.6.2 | Research Programs | 67 |
| 4.6.3 | Disjunctive Nomic Theories | 68 |
| | References..... | 68 |
| Part II Concretizations | | |
| 5 | Quantitative Nomic Truth Approximation | 71 |
| 5.1 | Introduction..... | 72 |
| 5.2 | Basic Quantitative Versions | 72 |
| 5.2.1 | Amounts of Truth-Content, Falsity-Content and Verisimilitude | 73 |
| 5.2.2 | Quantitative Comparative Definitions of Verisimilitude and Empirical Success | 75 |
| 5.2.3 | Expected Success Theorem | 78 |
| 5.3 | Generalized Purely Quantitative Definitions | 80 |
| 5.4 | Concluding Remarks | 83 |
| | References..... | 83 |

| | | |
|----------|--|-----|
| 6 | Refined Nomic Truth Approximation | 85 |
| 6.1 | Introduction..... | 86 |
| 6.2 | The Main Definitions and the Refined Success Theorem..... | 87 |
| 6.3 | A Summary in Tables..... | 90 |
| 6.4 | Idealization and Concretization | 91 |
| 6.4.1 | Truth Approximation by (Idealization and) Concretization..... | 91 |
| 6.4.2 | Application to Gas Models | 97 |
| 6.4.3 | Validity Research..... | 98 |
| 6.5 | Some Evaluation | 99 |
| 6.5.1 | The Value of Content for Truths | 100 |
| 6.5.2 | The (Dis-)Value of Content for Falsehoods..... | 100 |
| 6.5.3 | Application to Actual Truth Approximation..... | 103 |
| 6.5.4 | Some Other Principles | 105 |
| | References..... | 107 |
| 7 | Stratified Nomic Truth Approximation | 109 |
| 7.1 | Introduction..... | 110 |
| 7.2 | Basic Truth Approximation on the Theoretical Level, and Its Observational Consequences. | 110 |
| 7.2.1 | The Stratified Success Theorem | 110 |
| 7.2.2 | The Theoretical Realization (TR-)Principle and Reference | 116 |
| 7.2.3 | Remaining Methodological Steps..... | 118 |
| 7.3 | Quantitative and Refined Stratified Nomic Truth Approximation | 119 |
| 7.3.1 | Quantitative Stratified Nomic Truth Approximation | 119 |
| 7.3.2 | Refined Stratified Nomic Truth Approximation | 122 |
| | References..... | 126 |

Part III Extensions

| | | |
|----------|---|-----|
| 8 | Theories Looking for Domains. Nomic Truth Approximation by Domain Revision | 129 |
| 8.1 | Introduction..... | 130 |
| 8.2 | Truth Approximation by Theory Revision..... | 131 |
| 8.2.1 | The Main Lines of Truth Approximation by Theory Revision..... | 132 |
| 8.2.2 | Analogy with Design Research | 134 |
| 8.3 | Truth Approximation by Domain Revision | 135 |
| 8.3.1 | Closer to the Truth About One Domain than About another..... | 135 |
| 8.3.2 | More Successful Relative to One Domain than to Another | 136 |
| 8.3.3 | A Synthesis of Revisions | 137 |

| | | |
|----------|---|------------|
| 8.4 | In Search of Applications of ‘Truth approximation by Domain Revision’ | 138 |
| 8.4.1 | Domain Restriction and Extension | 139 |
| 8.4.2 | Other Kinds of Domain Revision | 140 |
| 8.4.3 | Domain Revision by Definition Revision | 141 |
| 8.5 | Concluding Remarks | 143 |
| 8.5.1 | Dialectical Interaction..... | 144 |
| 8.5.2 | Kuhn-Loss..... | 144 |
| | References..... | 145 |
| 9 | Beauty, a Road to the Truth? | 147 |
| 9.1 | Introduction..... | 148 |
| 9.1.1 | Some Examples and Preliminary Considerations..... | 149 |
| 9.1.2 | Outline of the Paper | 150 |
| 9.1.3 | Some Limitations and Specifications..... | 151 |
| 9.2 | Aesthetic Induction and Exposure Effects..... | 152 |
| 9.2.1 | Exposure Effects and Aesthetic Appreciation..... | 153 |
| 9.2.2 | Aesthetic Induction in Science | 155 |
| 9.3 | Truthlikeness..... | 158 |
| 9.4 | Truth Approximation with the Aid of Empirical Criteria | 163 |
| 9.5 | The Importance of Empirical and Aesthetic Considerations | 165 |
| 9.6 | The Role of Aesthetic Features..... | 169 |
| 9.7 | Suggestions for Further Research..... | 173 |
| 9.8 | Conclusion | 177 |
| | References..... | 178 |

Part IV Reasoning Around Nomic Truth Approximation

| | | |
|-----------|--|------------|
| 10 | Abduction Aiming at Empirical Progress or Even Truth Approximation: A Challenge for Computational Modelling | 183 |
| 10.1 | Introduction..... | 183 |
| 10.2 | Analysis of the Empirical Progress Task | 185 |
| 10.3 | Analysis of the Truth Approximation Task | 186 |
| 10.4 | Relations Between Empirical Progress and (Kinds of) Truth Approximation | 188 |
| 10.5 | The Remaining Instrumentalist Task | 189 |
| 10.6 | AI-Prospects for Computational Approaches to Instrumentalist Abduction..... | 191 |
| 10.7 | Logical Prospects for Computational Approaches to Instrumentalist Abduction..... | 193 |
| 10.8 | Concluding Remarks | 195 |
| | References..... | 195 |

| | | |
|-----------|--|-----|
| 11 | Inference to the Best Theory, Rather Than Inference to the Best Explanation. Kinds of Abduction and Induction | 197 |
| 11.1 | Introduction..... | 198 |
| 11.1.1 | Background..... | 198 |
| 11.1.2 | Terminology..... | 200 |
| 11.1.3 | Outline of the Chapter | 201 |
| 11.2 | Unstratified Inference to the Best Theory | 202 |
| 11.2.1 | Preliminaries | 202 |
| 11.2.2 | Inference to the Best Theory, Rather Than the Best Explanation | 204 |
| 11.2.3 | IBT as a Kind of Abduction..... | 205 |
| 11.3 | Stratified Inference to the Best Theory | 207 |
| 11.3.1 | Stratification..... | 207 |
| 11.3.2 | Stratified Inferences | 208 |
| 11.3.3 | Epistemological Positions and IBT | 209 |
| 11.4 | Inference to the Best Referential Claim..... | 210 |
| 11.4.1 | Referential Truth Approximation..... | 210 |
| 11.4.2 | Inference to the Referential Claim of the Best Theory..... | 212 |
| 11.5 | Three Types of Induction | 215 |
| 11.5.1 | Observational Induction..... | 215 |
| 11.5.2 | Theoretical Induction..... | 216 |
| 11.5.3 | Referential Induction | 217 |
| 11.5.4 | Benevolent Explications of IBE and ILC | 218 |
| 11.6 | Concluding Remarks | 218 |
| 11.7 | Discussion..... | 220 |
| | References..... | 222 |
| 12 | Pragmatic Aspects of Truth Approximation | 225 |
| 12.1 | Introduction..... | 225 |
| 12.2 | Overall Pragmatism | 226 |
| 12.3 | HD-Testing of General Test Implications of Theories..... | 228 |
| 12.4 | Separate HD-Evaluation of Theories | 229 |
| 12.5 | Comparative HD-Evaluation of Theories | 230 |
| 12.6 | Application of the Rule of Success..... | 231 |
| 12.7 | Truth Approximation | 232 |
| 12.8 | Resulting Relativization of Falsification..... | 235 |
| 12.9 | Resulting Relativization of Confirmation | 236 |
| 12.10 | Concluding Remarks | 237 |
| | References..... | 237 |
| 13 | Empirical Progress and Nomic Truth Approximation by the ‘Hypothetico-Probabilistic Method’ | 239 |
| 13.1 | Introduction..... | 240 |

| | | |
|--------|--|-----|
| 13.2 | The ‘Hypothetico-Probabilistic (HP-) Method’ as a Concretization of the ‘Hypothetico-Deductive (HD-) Method’ | 241 |
| 13.2.1 | The Primary Concretization..... | 241 |
| 13.2.2 | From the HD- To the HP-Method of Testing..... | 242 |
| 13.2.3 | Further Challenges..... | 243 |
| 13.3 | From Deductive to Probabilistic Truthlikeness..... | 244 |
| 13.3.1 | General Assumptions and Restrictions | 244 |
| 13.3.2 | Deductive Truthlikeness..... | 244 |
| 13.3.3 | Probabilistic Truthlikeness..... | 246 |
| 13.3.4 | Survey of Successive Concretizations and Generalizations | 247 |
| 13.4 | The <i>Comparative</i> HP–Method Is Functional for Empirical Progress and Truth Approximation | 248 |
| 13.4.1 | Empirical Evidence..... | 248 |
| 13.4.2 | Deductive Success Theorem | 248 |
| 13.4.3 | Probabilistic Success Theorems..... | 251 |
| 13.4.4 | The SLRS–Method Is Functional for Empirical Progress and Truth Approximation..... | 255 |
| 13.4.5 | Inference to the Best Theory..... | 256 |
| 13.5 | Concluding Remarks: Possible Extensions/Concretizations | 257 |
| | References..... | 259 |

Part V Belief Revision Aiming at Truth Approximation

| | | |
|-----------|---|------------|
| 14 | Basic and Refined Nomic Truth Approximation by Evidence-Guided Belief Set Revision | 263 |
| 14.1 | Introduction..... | 263 |
| 14.2 | The Basic Account..... | 265 |
| 14.2.1 | Basic Definitions and Basic Theory Revision | 265 |
| 14.2.2 | Basic Theory Revision in Light of AGM-Belief Revision | 268 |
| 14.3 | The Refined Account | 271 |
| 14.4 | Conclusions..... | 275 |
| | Appendix..... | 276 |
| | References..... | 278 |
| 15 | Dovetailing Belief Base Revision with Truth Approximation | 279 |
| 15.1 | Introduction..... | 280 |
| 15.2 | A Set-Theoretic Framework for Kinds of Basic Truth Approximation | 281 |
| 15.3 | Basic Belief Base Revision, Set-Theoretically Presented | 285 |
| 15.4 | Truth Approximation by Data Guided Theory Revision | 289 |
| 15.5 | Generalized Feature-Contrast Measure of Verisimilitude..... | 291 |
| 15.6 | Concluding Remarks | 294 |
| | References..... | 296 |

Part VI Conclusion: Comparative Constructive Nomic Realism

| | |
|--|-----|
| 16 Comparative Realism as the Best Response to Antirealism | 299 |
| 16.1 Introduction..... | 300 |
| 16.2 Antirealist Arguments to Be Met..... | 301 |
| 16.2.1 Arguments from Theory Change | 302 |
| 16.2.2 Inference to the Best Explanation | 307 |
| 16.3 Truth Approximation, Some Basics for Comparative Realism | 311 |
| 16.4 Evaluation of Comparative Realism | 316 |
| 16.4.1 In Defense of the Main Claim of Comparative Realism | 316 |
| 16.4.2 Review and Extension of the Comparison with Other Realist Responses to Antirealism | 328 |
| 16.5 Concluding Remarks | 329 |
| References..... | 330 |
| Acknowledgements | 333 |
| Curriculum Vitae | 337 |
| Author Index | 339 |
| Subject Index | 343 |
