Acknowledgments ix

Introduction 1

I.1 The Raft of the Medusa 1

I.2 Overview 9

I Perceptual Common Knowledge

Introduction 15

1 Conceptions of Common Knowledge 17

1.1 Common Knowledge 17

1.2 Common Knowledge and Justified True Belief 19

1.3 An Externalist Take on Perceptual Common Knowledge 22

2 The Regressive Nature of Perceptual Common Knowledge 27

II Demonstrative Reference and Communication

Introduction 31

3 Intention and Communication 35

3.1 The Inferential Model of Communication 35

3.2 The Significance of Speaker Intentions 39

4 Sense, Reference, and Communication 45

4.1 Sense and Communication 45

4.2 Demonstrations 49

4.3 Referential and Communicative Uses of Demonstrations 51

5 Spatial Awareness and Perceptual Common Knowledge 59

- 5.1 Spatial Awareness of Objects in Joint Constellations 59
- 5.2 Spatial Awareness of Features in Joint Constellations 62
- 5.3 The Transparency of Joint Constellations 64
- 5.4 Social Disjunctivism 67

6 CKMS, Social Externalism, and the Threat of Regress 73

- 6.1 Kinds of Perceptual Common Knowledge 73
- 6.2 The Regress Contained 77

7 Justification and Evidence 81

- 7.1 Circularity in Perceptual Reasoning 82
- 7.2 Public Perceptual Reasoning 84

III Social Space

Introduction 87

8 Demonstrative Communication and Conceptions of Space 91

9 Perspective-Taking 99

10 Space and Action 105

- 10.1 The Spatiality of the Body 105
- 10.2 Proprioception and the Relational Character of Action Space 107
- 10.3 Peripersonal Space 109
- 10.4 “Coping” in Peripersonal Space 110

11 Social Action Space 117

- 11.1 Introduction 117
- 11.2 Empirical Studies of Social Action Space 118
- 11.3 Merged and Aligned Action Spaces 123
- 11.4 The Joint Body Schema 125
- 11.5 The Multilocation Hypothesis 129
- 11.6 Summary 134

12 Indexical Spatial Thinking 137

- 12.1 Introduction 137
- 12.2 The Significance of Joint Action for Spatial Thinking 139
- 12.3 “Here” 143
- 12.4 The Role of Location in the Self- and Other-Attribution of Motor Actions 149

IV Joint Attention**Introduction 157****13 Joint Perception 159**

13.1 Background 159

13.2 Joint Attention and Joint Perception 160

13.3 Subject- and Object-Based Views 164

13.4 Some Evidence from Psycholinguistics 168

13.5 Proximal and Distal Joint Perception 171

14 Some Applications 175

14.1 Joint Perception and Level 1 Perspective-Taking 175

14.2 Are Joint Perceivers Mindreaders? 179

14.3 Social Space and the Perception of Objects' Spatial Properties 189
