<ul> <li>3.1 Inventory: what realists know</li> <li>3.2 Mutually entailed particulars and structures</li> </ul>	58
3.2 Mutually entailed particulars and structures	58
	61
3.3 Ontic structuralism: farewell to objects?	70
3.4 Ontological theory change	76
3.5 Return of the motley particulars	80

## Part II Metaphysical foundations

4	Cau	usal realism and causal processes	89
	4.I	Causal connections and <i>de re</i> necessity	89

$\sim$		
( .on	tρ	nts
2010		

	4.2 Is causal realism incoherent?	96
	4.3 A first answer: relations between events	102
	4.4 A better answer: causal processes	107
	4.5 Processes for empiricists	114
5	Dispositions, property identity, and laws of nature	119
	5.1 The causal property identity thesis	119
	5.2 Property naming and necessity	126
	5.3 Objections: epistemic and metaphysical	134
	5.4 Vacuous laws and the ontology of causal properties	141
	5.5 Causal laws, <i>ceteris paribus</i>	147
6	Sociability: natural and scientific kinds	151
	6.1 Law statements and the role of kinds	151
	6.2 Essences and clusters: two kinds of kinds	156
	6.3 Clusters and biological species concepts	162
	6.4 Sociability (or: how to make kinds with properties)	168
	6.5 Beyond objectivity, subjectivity, and promiscuity	174
Pa	art III Theory meets world	
7	Representing and describing: theories and models	183

7.1	Descriptions and non-linguistic representations	183
7.2	Representing via abstraction and idealization	187
7.3	Extracting information from models	192
7.4	The inescapability of correspondence	199

7.4	The inescapability of correspondence	199
7.5	Approximation and geometrical structures	205

8	Approximate truths about approximate truth	212
	8.1 Knowledge in the absence of truth <i>simpliciter</i>	212
	8.2 Measuring "truth-likeness"	214

8.3	Truth as a comp	arator for art	t and science		218
8.4	Depiction versus	denotation;	description versus	reference	224
~	<b>n</b> 1				

8.5	Products versus	production;	theories	and	models	versus	practice	230	,
-----	-----------------	-------------	----------	-----	--------	--------	----------	-----	---
