PREFACE TO THE REVISED EDITION vii

PREFACE AND ACKNOWLEDGEMENTS TO THE FIRST EDITION viii

ABOUT THE AUTHOR xiii

1 Introduction 1

1.1 Basic questions 1
1.2 Catching a glimpse of the past 3
1.3 Basic formalism 6
1.4 Aggregation of preferences – how can this be done? 9
1.5 The informational aspect 12
1.6 A path through haze, or how to read this book 14
1.7 Some exercises 16

2 Arrow's impossibility result 19

2.1 The axiom system and the theorem 19
2.2 The original proof 21
2.3 A second proof 25
2.4 A third diagrammatic proof 28
2.5 A short summary 34
2.6 Some exercises 34

3 Majority decision under restricted domains 37

3.1 The simple majority rule 37
3.2 Single-peaked preferences 43
3.3 Other domain conditions: qualitative and quantitative 49
3.4 A short summary 53
3.5 Some exercises 53

4 Individual rights 57

4.1 Sen's impossibility of a Paretian liberal 57
4.2 Gibbard's theory of alienable rights 59
4.3 Conditional and unconditional preferences 62
4.4 Conditional and unconditional preferences again: matching pennies and the prisoners' dilemma 64
4.5 The game form approach to rights 66

4.6 A short summary 70
4.7 Some exercises 71

5 Manipulability 75

5.1 The underlying problem 75
5.2 The Gibbard–Satterthwaite theorem 80
5.3 Strategy-proofness and restricted domains 85
5.4 A short summary 92
5.5 Some exercises 93

6 Escaping impossibilities: social choice rules 97

6.1 The Pareto-extension rule and veto power 97
6.2 Scoring functions and the Borda rule 102
6.3 Other social choice rules 109
6.4 A parliamentary vote: Berlin vs. Bonn 114
6.5 A short summary 117
6.6 Some exercises 117

7 Distributive justice: Rawlsian and utilitarian rules 121

7.1 The philosophical background 121
7.2 The informational structure 122
7.3 Axioms and characterizations 124
7.4 Diagrammatic proofs again 129
7.5 Harsanyi's utilitarianism 134
7.6 A short summary 136
7.7 Some exercises 137

8 Cooperative bargaining 139

8.1 The bargaining problem 139
8.2 Nash's bargaining solution 140
8.3 Zeuthen's principle of alternating concessions 148
8.4 The Kalai–Smorodinsky bargaining solution 151
8.5 A philosopher's view 155
8.6 Kalai's egalitarian solution 157
8.7 A short summary 159
8.8 Some exercises 160

9 Empirical social choice 163

9.1 Theory and opinions of the general public 163
9.2 Needs vs. tastes – the approach by Yaari and Bar-Hillel 164
9.3 Rawls's equity axiom – how does it fare? 171
9.4 From here to where? 177
9.5 A short summary 179
9.6 Some exercises 179

10 A few steps beyond 181

10.1 Social choice rules in continuous space 181
10.2 The uniform rule 187
10.3 Freedom of choice 192
10.4 An epilogue instead of a summary 199
