|----------|--|-----------|
| 1 | Structure | 1 |
| 1.1 | Structure: a first look | 1 |
| 1.2 | Philosophical skepticism about structure | 2 |
| 1.3 | Structure in metaphysics: a preview | 5 |
| 2 | Primitivism | 9 |
| 2.1 | Understanding | 9 |
| 2.2 | Primitivism supported | 10 |
| 2.3 | Epistemology | 11 |
| 2.4 | Against reduction | 15 |
| 2.5 | Against subjectivity | 18 |
| 2.6 | The privilege of the physical | 19 |
| 3 | Connections | 21 |
| 3.1 | Explanation and laws | 21 |
| 3.2 | Reference magnetism | 23 |
| 3.3 | Induction and confirmation | 35 |
| 3.4 | Intrinsic structure in physical spaces | 38 |
| 4 | Substantivity | 44 |
| 4.1 | Nonsubstantive questions | 44 |
| 4.2 | Substantivity characterized | 46 |
| 4.3 | Conventionality | 54 |
| 4.4 | Subjectivity | 57 |
| 4.5 | Epistemic value | 61 |
| 4.6 | Objectivity of structure | 65 |
| 5 | Metametaphysics | 67 |
| 5.1 | The challenge of metaphysical deflationism | 67 |
| 5.2 | Personal identity, causation | 72 |
| 5.3 | The metaphysics room | 74 |
| 5.4 | Substantivity in nonfundamental disputes | 77 |
| 5.5 | A test case: extended simples | 79 |
| 5.6 | Metametaphysics as just more metaphysics | 82 |
| 6 | Beyond the predicate | 85 |
| 6.1 | The reason to generalize | 86 |
| 6.2 | Inapplicability of the similarity test | 87 |
| 6.3 | No entities | 90 |
| 6.4 | Unclear epistemology? | 96 |

| | | |
|----------|--|-----|
| 6.5 | Logical conventionalism | 97 |
| 7 | Questions | 105 |
| 7.1 | Complete? | 105 |
| 7.2 | Pure? | 106 |
| 7.3 | Purity and connection | 109 |
| 7.4 | Metaphysical semantics | 112 |
| 7.5 | Completeness and purity reformulated | 115 |
| 7.6 | Metaphysics after conceptual analysis | 116 |
| 7.7 | Metaphysical semantics for quantifiers | 118 |
| 7.8 | Metaphysics and the study of language | 122 |
| 7.9 | Nonfundamental ground | 124 |
| 7.10 | Subpropositional? | 128 |
| 7.11 | Absolute? | 128 |
| | 7.11.1 Absolutism and comparative structure | 129 |
| | 7.11.2 Absolutism and infinite descent | 133 |
| 7.12 | Determinate? | 137 |
| 7.13 | Fundamental? | 137 |
| 8 | Rivals | 142 |
| 8.1 | Fine's concepts | 142 |
| 8.2 | First Finean view: grounding and reality | 143 |
| | 8.2.1 Ground and purity | 143 |
| | 8.2.2 Ground and infinite descent | 145 |
| 8.3 | Second Finean view: reality | 147 |
| | 8.3.1 Explanation of fundamental truths | 147 |
| | 8.3.2 Combinatorialism about fundamentality | 148 |
| | 8.3.3 Combinatorialism about determinacy | 150 |
| | 8.3.4 No fundamental truths | 151 |
| | 8.3.5 Nihilism and deflationism | 151 |
| 8.4 | Truthmaking | 153 |
| 8.5 | Truthmaking as a theory of fundamentality | 157 |
| 8.6 | Schaffer: entity-grounding | 161 |
| 8.7 | Entity-fundamentality | 164 |
| 9 | Ontology | 166 |
| 9.1 | Ontological deflationism | 167 |
| 9.2 | Ontological realism | 168 |
| 9.3 | Ontologese | 171 |
| 9.4 | Predicates not the issue | 173 |
| 9.5 | Quantifier variance | 175 |
| | 9.5.1 Quantifier variance and domain restriction | 177 |
| 9.6 | Objections to quantifier variance | 180 |
| | 9.6.1 The semantic argument | 181 |

| | | |
|-----------|--|-----|
| 9.6.2 | No foundation | 182 |
| 9.6.3 | No epistemic high ground | 187 |
| 9.6.4 | Indispensability | 188 |
| 9.7 | Easy ontology | 189 |
| 9.8 | Analyticity | 191 |
| 9.9 | Against easy ontology | 195 |
| 9.10 | Other forms of easy ontology | 197 |
| 9.11 | Metaontology and conceptions of fundamentality | 199 |
| 9.12 | Ontological commitment | 201 |
| 9.13 | Quantifiers versus terms | 203 |
| 9.14 | NonQuinean first-order ontology | 206 |
| 9.15 | Higher-order quantification | 208 |
| 10 | Logic | 216 |
| 10.1 | Fundamental logic | 216 |
| 10.2 | Hard choices | 217 |
| 10.3 | Nonfundamental metalogic | 222 |
| 10.4 | Logical pluralism | 225 |
| 10.5 | Objectivity in model theory | 228 |
| 10.6 | Classical logic and fundamentality | 231 |
| 11 | Time | 239 |
| 11.1 | Presentism | 239 |
| 11.2 | Presentist ideology: quantified tense logic | 240 |
| 11.3 | Is the dispute over presentism substantive? | 242 |
| 11.4 | Passage | 246 |
| 11.5 | Williamson on saturation and contingency | 247 |
| 11.6 | Change and saturation | 249 |
| 11.7 | Talk of saturation is legitimate | 250 |
| 11.8 | The metaphysics of saturation | 252 |
| 11.9 | Varieties of passage | 257 |
| 12 | Modality | 266 |
| 12.1 | No fundamental modality | 266 |
| 12.2 | A Humean strategy for reduction | 268 |
| 12.3 | Logical consequence and mathematical truth | 272 |
| 12.4 | Analyticity | 274 |
| 12.5 | Laws of metaphysics | 274 |
| 12.6 | Determinates and determinables | 278 |
| 12.7 | Contextualism | 280 |
| 12.8 | The necessary a posteriori | 282 |
| 12.9 | Micro-reduction | 283 |
| 12.10 | De re modality | 286 |
| 12.11 | Family resemblances | 288 |
