

Universal Darwinism: The path of knowledge

John Campbell

Introduction	3
1: The History of Objective Science	18
2: Fundamental principles	26
Gravitation	28
Quantum processes.....	29
Computing the Future	35
Maximum Entropy.....	36
Darwinian Processes.....	40
Adaptive Systems.....	44
3: Bayesian nature of the web of reality	48
Mathematics of information and knowledge	51
4: Physical implementation of Bayesian processes	69
From mathematics to the physical world.....	69
Darwinian processes, Bayesian updating and adaptive systems.	73
5: Atomic physics and chemistry.....	86
Quantum Darwinism	87
Quantum Darwinism as a Darwinian process	90

6: Biology.....	100
Natural Selection: Organisms	101
Natural Selection: Populations	106
7: Brain and Behaviour.....	112
Bayesian Brain	113
Synaptic Darwinism.....	119
8: Culture	123
Science.....	127
Explanation, Evidence, Truth and Power	130
The Darwinian nature of Science.....	146
9: Universal Darwinism	149
Views of Universal Darwinism.....	149
10: The Worldview of Universal Darwinism.....	158
Faith and Universal Darwinism.....	159
Miracles of Universal Darwinism	167
Three roads to a religious experience	167
Einstein and the evolution of religion	172
Who's got the miracles?.....	177
Appendix A - An example of inference or knowledge updating	192
Glossary of Terms	197
Index.....	199
Bibliography.....	202
